Market Research

Շուկայի հետազոտում

# Activity

- You will be divided into groups of 5 or 6.
- Each group will be assigned a topic to research.
- Each group should find which solutions are available in the Armenian market, where it is available (name of store/office and its address), the approximate costs and technical information (e.g. For a wood burner: efficiency, Volume, Output, etc.)
- The activity may involve visiting shops/offices, telephone inquiries and research online.

# Presenting your results

- After you do your research, your group will prepare a presentation and you will present your results.
- There is a computer lab reserved in 208E.
- We will start presentation of the results at 14:00 in 308E.
- We will continue our lectures afterwards.
